

Addition to Proposals and Perspectives

Karen M. Hurley, President General
World Union of Catholic Women's Organizations (WUCWO)

I make the following proposals for concrete initiatives to come forth from this gathering:

To provide education and formation at the diocesan, national, regional and international levels on "Christian anthropology," the revealed truth concerning the human person as the image and likeness of God;

To provide education and formation at the diocesan, national, regional and international levels on Pope John Paul II's "new feminism," in order to transform culture with a decisive respect for life;

To initiate dialogue with all men and women of good will in a sincere search for the truth and in a common commitment to human development.

Since "only through communion with Jesus, does it become possible to be there for others" (*Spe Salvi*, 28), we must promote and provide opportunities for prayer, spiritual formation, participation in Holy Mass, frequent reception of the Sacraments of Reconciliation and Holy Eucharist, and adoration of the Blessed Sacrament.

In the model of our Blessed Mother Mary, we can say "yes" to God.
